PHONE SERVICE

Required equipment

You can use your existing phone handsets.

Home Phone service is supplied via the router and requires either TP-LINK TD-VG3631 or TP-LINK TD-VG5612. These are available for purchase from Lizzy Internet.

Keep your existing phone number

We can transfer your existing phone number to this phone server where your existing phone service is currently connected to the network of one of these major carriers AAPT/PowerTel, Optus, Primus, Telstra or TPG. Do not cancel your home phone with your old provider or you may irretrievably lose your phone number prior to the transfer completing.

The phone socket that will be active once the service transfers to the NBN will be the one on the router/modem and so existing phone sockets will not continue to work without you securing the services of an electrician.

Many customers provide phone service through out their residence by plugging the base station of their

Battery backup

The NBN Home Phone services can't operate during a power outage without a battery backup to supply power to the router, phone and NBN box.

Security and Medical alarms

The NBN Home Phone service does not support 'back to base' security or medical alarms. Consult your alarm provider to ensure continued operation of your back to base alarms without a PSTN (copper) phone line.

Incompatible services

The NBN Home Phone service does not support fax machines, dialup modems or EFTPOS terminals.

Medical Priority

Lizzy does not provide medical priority. You have a mobile phone for emergency help in the event that the NBN Home Phone service is unavailable.

Customer Service Guarantee Waive (CSG)

Lizzy will use its best endeavors to provide you with an excellent service but it is a condition of use of the NBN Home Phone service that you waive your Customer Service Guarantee.

BILLING

You'll be billed in advance for the minimum monthly charge and the call charges from the previous calendar month on the third Victorian business day each month. You will be invoiced 3 days prior to the due amount being debited from your nominated payment method (Visa, MasterCard or bank account).

Your first debit will include any setup, equipment and the first month minimum access fee prior to your order proceeding.

29c processing fee applies to credit card transactions.
